SUPERVISOR FEEDBACK FORM

Please answer the following questions about your internship experience with students from the Department of Family and Consumer Studies at the University of Utah. Your answers to these questions will help us in our continuous effort to improve our internship program.

1. Was the information provided to you at the beginning of the semester adequate in describing and answering questions concerning the FCS internship program? If yes, what was most useful for you? If no, explain what information would have been useful.

2. Did you at any point try to contact the internship coordinator? If yes, was she accessible? Did she efficiently and effectively address your questions or concerns? How could the internship coordinator improve?

3. Do you have any general suggestions for improvement for the FCS internship program?

4. Would you be willing to work with one of our interns in the future? If so, please complete the attached Field Training Information Sheet with information about qualifications, scheduling, and responsibilities for future interns. This information will be included in our internship binder and on our website for students to consider for an internship. (If you are already included in our binder, please disregard unless you would like your information updated.)
