

**Coming this Spring 2017....**

**FCS 5962 Language and Literacy for Young Learners**

This course is in collaboration with the University of Utah Reading Clinic and Family and Consumer Studies. This two credit seminar will meet every other week during the semester, 4:35- 6:00 pm. We will explore the following:

- Understand the five predictors of reading and writing success
- Explore the relationship between early literacy and early brain development
- Plan and use various strategies to support the five predictors
- Assess children’s literacy skills using a variety of tools
- Demonstrate the dialogic reading strategy
