A Note on Technology:
We will rely on technology exclusively in this online course. Excuses based on technology failure will not be allowed as a reason to extend a deadline or retake an exam. If you do not get the concept check questions completed before the deadline, it will not count. If your project is late, penalties will be applied. Please take precautions and do not wait until the last minute. Make sure you understand how to use the tools in Canvas and that you have enough time to deal with contingencies. Uonline and the Help Desk are wonderful to work with if you have any questions or issues. Call (801)585-5959 or send an email to tachelpdesk@utah.edu.

Classroom Equivalency:
Please be considerate of others’ opinions and always be respectful. It may be difficult to determine tone in an online community, so please be mindful of this when reading and writing responses.

- Discussion threads and emails are considered to be equivalent to classrooms, and student behavior within these environments shall conform to the Student Code. Specifically:
  - Posting photos or comments that would be off-topic in a classroom are still off-topic in an online posting.
  - Off-color language and/or photos are never appropriate.
  - Using angry or abusive language is called “flaming,” is not acceptable, and will be dealt with according to the Student Code.
  - Do not use ALL CAPS since it is the equivalent of shouting, as is overuse of exclamation points (e.g. !!!!!!) and question marks (e.g. ???????).
  - Course emails and discussion postings are part of the classroom, and as such, are University property and subject to GRAMA regulations and the Student Code. Privacy regarding these communications between correspondents must not be assumed.

ADA Statement:
The University of Utah seeks to provide equal access to its programs, services, and activities for people with disabilities. If you will need accommodations in this class, reasonable prior notice needs to be given to the Center for Disability Services, 162 Olpin Union Building, 581-5020 (V/TDD). CDS will work with you and the instructor to make arrangements for accommodations. All written information in this course can be made available in an alternative format with prior notification to the Center for Disability Services.

Academic Honesty:
All honesty and plagiarism policies established by the University of Utah will be upheld in this class. Academic misconduct in any form in this class will not be tolerated. This includes but is not limited to cheating, plagiarizing, misrepresenting one’s work, inappropriately collaborating, and/or submitting the same work for more than one course without the permission of both instructors.

If you include information from outside the class or quotes in your written assignments, you must provide citations and a reference list. Avoid the urge to over-rely on quotes; a written assignment that is substantially made up of quoted material will not be considered to be your own work, even if you have used correct citations.
If it is discovered that you have engaged in academic misconduct of any type in this course, appropriate measures will be taken, which will include academic sanctions.

This is a very serious issue and I will not tolerate it in my classroom. If you are aware of any misconduct, please inform me immediately.

For further information about the University of Utah’s policies regarding academic misconduct, please see the student handbook at www.admin.utah.edu/ppmanual/8/8-10.html or Section V.B. here http://www.regulations.utah.edu/academics/6-400.html
