When you have finished and submitted the “general application” you will be sent to the following page where you should then click on “opportunities”.

The screenshot shows a web interface with a red navigation bar at the top. On the left of the bar are two buttons: 'Applications' and 'Opportunities'. A blue arrow points to the 'Opportunities' button. Below the navigation bar is a green success message: 'Your general application has been successfully saved.' Below that is a section with a green circular icon containing a white upward-pointing arrow, followed by the text 'NEXT STEPS Start Applying'. A horizontal line separates this from the 'General Applications' section. Under 'General Applications', there is a sub-header and a paragraph: 'These are your basic applications. The information included will be attached to any other application that you submit.' Below this is a card for a 'General Application'. The card has a red underlined title, a placeholder image of a person at a computer, and a 'View' button at the bottom right. The word 'Complete' is written in the bottom left corner of the card.

Two blue arrows are overlaid on the page. One arrow points upwards to the text '15 Found'. The other arrow points downwards from the '15 Found' text to the 'Apply' button of the first scholarship listing.

You will need to apply for each scholarship separately but most have exactly the same questions. So write your answers out in a word document and then you can “copy and paste” the answers into each application.

At the very bottom of each application you will be asked to put in the e-mail address of 2 people who have agreed to write you letters of recommendation. Please tell your letter writers that they should expect an e-mail from “University of Utah Scholarships” and that they should follow the link. When the website pulls up they need to click on the “References and Reviewers” tab (NOT the big red button that says sign in). They will need to upload a letter for each application you submit (sorry!).
