## FCS 5962/6962 FAMILY ADVOCACY AND POLICY

### Objectives of the Course:

1. To introduce theoretical and empirical literature on family policy and advocacy in UT, U.S. and worldwide.
2. To explore the role of public opinion, political culture, elite power and social stratification on formation and maintenance of global family policies.
3. To examine federal, state, local interstate and international responses to family issues by government entities—compare outcomes & consequences.
4. To learn real life examples of family policy formation, implementation service and programs—as well as intended and unintended consequences of policy design.
5. To discuss policy options, evaluations and potential for reform and/or discontinuation.
6. Familiarize students with Utah State Legislative process and outcomes—including option of Community Engaged Learning (CEL) lobby with non-profits Utah State Legislature.

**Course Structure:** 3 exams, 1 community project or UT lobbying, Presentation/paper & attendance
